INSPIRING SPEECH

After the students received their medals on the podium, Miss Tiffany Tang Yi Ching came to give a speech. Who is she? It turns out that she was one of the high jump athletes on the Hong Kong Athletics Team! She told us about her origins and her inspiration for becoming a champion. It was very interesting to hear her story, which had a lot of nervous moments, but in the end, she was successful. What an inspiration!

SUPER SPORTS DAY

15th April 2025
Weather: Sunny and hot

On a sunny Tuesday morning, kids are cheering and awaiting the exciting Sports Day to start. Soon the races begin: Three, Two, One, Go!

Today, S.K.H. St. Thomas' Primary School Sports Day was held at the Sham Shui Po Sports Ground. The competition included running races, long jump, and throwing events.

While a lot of classmates were running fast, the crowd was cheering loudly. There were many winners on an exciting day of sport.

Venus, a P5 student said, "I lost the long jump. I felt disappointed. I will try harder next time!"

Hilson, a P6 student said, "I lost and I was frustrated, but it was a great day!"

A P5 student said, "I was the fastest in the running race! I was surprised because I thought I won't get a gold medal. But now I have one!"

Overall, our students broke nearly 6 school records! The Love group won the overall champion, this includes classes 6C, 5C, 4C and 3C.

Our adventure begins

We and other P5 and P6 students got to go on a wonderful adventure in May as we travelled to Singapore for a 4-day visit. Students were excited to embark on this adventure to the 'Lion City'.

Visiting the Merlion

One of the highlights of our trip was visiting the iconic Merlion, a mythical creature with the head of a lion and the body of a fish. The Merlion serves as a symbol of Singapore's origins as a fishing village and its evolution into a bustling city.

ArtScience Museum

We went to the famous ArtScience Museum in Singapore. There are many artworks inside which blend art, science, culture and technology altogether.

Sampling the cuisine

While we were there, we had the opportunity to interview visitors. This activity was not only fun but also incredibly educational.

To wrap up our exciting day, we had a delicious dinner of Hainan Chicken Rice. This dish is famous for its chicken and rice, served with different sauces on the side.

Going on a Night Safari!

Night Safari is the world's first nocturnal zoo, it is one of the most popular tourist attractions in Singapore!

There are many exciting animals in the Safari. The most impressive ones were the lions and the anteaters because they were so close to our bus.

An unforgettable trip

For us, there are so many great experiences to share, including visiting Chinatown, the Duck Tour, the Sustainable Singapore Gallery, and the world's tallest indoor waterfall at the airport. Oh, and of course, all the amazing food we ate!

It was an unforgettable trip and we can't wait to go again!

ENGLISH DAY

Responsibility and Wisdom

P.1-4 students played different English booth games in July. The students were so keen to get the right answers in the booth games. They all had so much fun!

The students took part in a fun fishing game led by the English Ambassadors.

The students enjoyed practicing their English and the Ambassadors loved hosting the games!

THANK YOU LETTERS

Gratitude

Dear Principal Chui,

I'm writing this letter to you because I want to say 'thank you' to you for coming up with multiple ideas to improve our school. Every day, you deal with students in trouble and think of upcoming events. For doing all that, I think you are helpful and hardworking. You're also friendly because I see you talking to students in a casual way – probably about their school life or strengths. You make the school a better place and take care of our community and we all should be grateful for that. It's not easy to be a principal because there's always kids getting into trouble every day and you have to think of new ideas to improve our school. Thank you for all that you do!

Love,
Keung Yuet, Abbie (6A)

Dear Mum,

I want to say 'thank you' to you because you care for me and you love me. You are very kind and nice. You help me when I need help. You teach me and look after me too. You cook so many yummy foods. I love you.

Best Wishes,
Li Ming Hin, Issac (6A)

Dear Yuki,

I want to say thank you to you because you always help me and take care of me. I want to tell you that you are very helpful and polite. You always care for me so I want to say 'thank you' to you.

Cheers,
Cai Wing Wun, Venus (5B)

WHY I LOVE ST. THOMAS'

Gratitude

Our school is a wonderful place to study and grow. The principal is hardworking. She leads the school well, making sure everything runs smoothly. The teachers are really nice. They teach me and care for me. They help me when I have difficulties. The school is beautiful. The library is filled with thousands of books. I like reading, so I often go there during recess. We also have many after-school classes. I take the art class and I enjoy drawing pictures. At school, I feel happy and safe. When I look around, I see my classmates playing games, running and chatting with each other. Everyone is nice.

Lai Tsz Wa, Ava (6B)

Why do I love my school? It is because everything is wonderful. The lessons are interesting. Sometimes we can play games in class. The teachers are hardworking, helpful, polite and nice. During recess, we have a lot of things to do. First, we can play basketball, jump rope or run in the playground. We can also go to the tuck shop to buy snacks. We can eat snacks and chat to our friends. I like to go to the library because it has a lot of books, like English books and Science books. Also, the library is big too, so two classes can go in at the same time! I love my school!
